

SACKLER SURGERY SIG PRESENTS SEMINAR SPEAKER DR. MARK SOBEL

On September 22, 2019, the Sackler Surgery Student Interest Group (SIG) held their first kick-off seminar speaker event of the year. Dr. Mark Sobel, M.D., PC., a board certified Orthopedic Surgeon who specializes in foot and ankle surgery, spoke with students about the importance of patient care, conservative treatment before surgery, and research in the field of Orthopedics. His passion for Orthopedic surgery was contagious throughout the audience. Students quickly learned how passion in your medical career can translate to thorough and effective patient care.
